

### *Plotting Drawings*

In order to produce hard copies of the engineering drawings, a plotter capable of holding a 36" roll of paper is helpful. Once the plotter is selected from the print dialog box, a custom paper size will need to be selected for each of the 9 sheets. The width for each sheet should be 36" but the height will vary. The correct width and height for each of the sheets is given below:

- Sheet 1 – 36" x 96"
- Sheet 2 – 36" x 96"
- Sheet 3 – 36" x 63.5"
- Sheet 4 – 36" x 80"
- Sheet 5 – 36" x 96"
- Sheet 6 – 36" x 72"
- Sheet 7 – 36" x 60"
- Sheet 8 – 36" x 96"
- Sheet 9 – 36" x 108"
